Freelance Projects - [\[Nuvoraa Digital\]](#)

May 2022 - present

Remote

Ponda, Goa

- Designed a modern, responsive UI using Figma based on client branding and target audience analysis.
- Developed the complete website using Next.js, Tailwind CSS and Framer Motion, ensuring fast performance and SEO optimization.
- Delivered a fully functional, production-ready Company landing page site to the client with clean code and Git-based version control.

GEC Coders Club Tech-Trooper[Website](#)

May 2022 - present

Goa Engineering College

Ponda, Goa

- Spearheaded the frontend development of the GEC Spectrum website, the technical event of GEC.
- Implemented the admin panel, significantly enhancing efficiency for coordinators by streamlining participant verification processes. Achieved an impressive 80% improvement in operational efficiency through the implementation of the admin panel.

PROJECTS

Youtube Trend Analysis [\[Live Demo\]](#) | *React.js, Node.js + Express, TailwindCSS*

Oct 2023

- Built a real-time YouTube Trend Analysis tool with interactive regional insights.
- Enabled users to explore trending content by selecting countries, without VPN requirements.

QuestEducare Gallery [\[Live Demo\]](#) | *Next.js, Cloudinary, TailwindCSS, PostgreSQL*

Jan 2025 - Feb 2025

- Created a gallery web app for a coaching institute with seamless image upload and admin controls.
- Enabled non-developers to manage gallery content independently via an intuitive dashboard.

InternSpirit MVP [\[Live Demo\]](#) | *Next.js, Framer-Motion, TailwindCSS*

March 2025 - March 2025

- Designed and developed a clean, responsive landing page for **InternSpirit**, a community-based startup empowering students through mentorship and hands-on learning.
- Implemented modern UI/UX practices and responsive design using TailwindCSS to ensure optimal performance across devices.

ACHIEVEMENTS

Secured **1st place** in the UI/UX competition at DBCE College (Inspirus 8) for designing a modern library management app.

October 2024

UI link: [View Library Management App UI](#)

Won **2nd place** at PCCE College during the Mindspark event organized by the IT department for designing a car rental app with a modern, youth-centric interface.
